

Hawkshead Relish visit

For a group visit the maximum number would be around 15 people.

We would estimate the visit would take around one and half hours, and would include a talk, where we would explain the story of "Relish" how we started and take you through the journey of our family business.

After this we would then take you on a tour of our production facility, here you would see the offices and of course the kitchens and the large 300 litre boiling pans which we use to cook the preserves.

(There are stairs, however the kitchens can be accessed from outside and on ground level for those who may find stairs an issue)

Everyone will be fitted with white coveralls and hairnets before being able to enter the kitchen.

Once we have returned to the meeting room, we will serve either Tea or Coffee, sandwiches and scones and of course offer a tasting for everyone of a few selected products.

On leaving we would present each person with a small jute gift bag with two jars and a voucher to spend at our shop in Hawkshead following the visit.

The shop is a five-minute drive from our production at Esthwaite, and the cost of the visit would amount to £5.00 per person.

If you wanted to book your group in, please give the office a call and we can have a look at dates. Ideally, we would look at either a morning from 11:00am or early afternoon from 2pm.
