## Eco Friendly Toiletries

At Lands End Cottage we believe that you should be able to enjoy a holiday without damaging the environment. A key part of this is our aim to remove all single use plastics from the cottage.

We did not, though, want to remove plastic and subsequently reduce the quality of the products offered, so we have searched for products which are not only plastic free but also meet the high standards that we want for our guests. Oh and many of them are made right here in Cumbria too!

So please enjoy our plastic free toiletries and your conscience can be as clean as the rest of you!

## Soaps from The Soap Dairy

Our lovely soaps are from The Soap Dairy just over the fell in Nibthwaite. No palm oil in sight, they make their soap from Jersey milk produced by their own Jersey cow, Honeysuckle. We have a variety of fragrances from Tea in the Bluebells with a touch of Earl Grey to Hunters Moon or Gathering the Fell. Which will be your favourite?

## Shampoo and Conditioner from Bain and Savon

Bain and Savon are a small artisan family run company based on the coast in Whitehaven. These natural shampoo and conditioner bars are made using only 100% natural ingredients with no palm oil and come in a variety of blends from Sunny orange to Coconut.

To use the solid shampoo just wet the bar and lather in hands and then apply lather to your hair. Or alternatively rub the bar directly onto your hair and lather well. Then rinse as usual.

The conditioner bars have been blended with various natural oils including grapefruit, lavender, Ylang Ylang and basil essential oils. To use, rub a small amount onto your hands then run through clean wet hair. Leave for a few minutes then rinse. You really do only need a small amount!

## Bath Bombs and Melts from Ethereal Scents

Ethereal Scents is another small local business based in the north of the county. They specialise in lovely aromatherapy products and have supplied our bath bombs and bath melts in their Sleep blend, lavender and chamomile, with the lavender coming from their own garden. Just pop one or two in the bath, lie back and relax.

And after your bath .....

## Lotion Bars from Primal Beauty

These cocoa butter lotion bars are perfect as an after bath moisturiser, or just to soothe your skin after a day on the fells! Simply rub them direct onto your skin.
